Understanding Insurance Contract Wordings

28 FEBRUARY 2017 / LONDON

SUMMARY (INTRODUCTION LEVEL)

This workshop is designed to give an overview of the structure, terms and conditions of commercial insurance contract wordings. There is an emphasis on the effect of wordings in legacy and run-off situations. It will allow delegates to:

- Gain a practical working understanding of a policy wording.
- Identify the key areas of a contract wording.
- Understand how important it is to get the wording right and fit for purpose.
- Be able to understand the structure of a policy and identify its key component parts.

All workshop trainers have many years' practical experience in their professional fields, and their real life practical responses to some of the workshops do's and don'ts will help every delegate. Workshops are interactive with 12 delegates and based on realistic case studies.
