

## On-line CPD at your fingertips

Dear friends and colleagues, are webinars proving to be a problem? Too little time? Always on the telephone or Zoom/Teams when the reminder comes up? But maybe you have YPG and others in your teams WFH that could take some time to gain CPD points if you let them?

Today we have two new briefings for you, both less than 1 hour duration.

Introduction to Insurance Regulation presented by Will Reddie (YPG) HFW [click here](#) for video

and

Asbestos and Covid-19 presented by Simon Morrow, Partner at BLM [click here](#) for video

You can find these on our website [irla-international.com/events-training](http://irla-international.com/events-training)

Please do give us your feedback if you attend.

Stay safe and well,

Leslie-Ann Giovnilli  
Head of Learning and Development
