

IRLA Young Professionals Group (YPG)

Dear members,

Vacancies have arisen on the IRLA Young Professionals Group (YPG) Committee and we would like to invite young professionals in your team to join. We are looking for members who are passionate and enthusiastic about the legacy market, and who have an re/insurance related role. To maintain a balance on the committee we would particularly welcome representation from a re/insurance – consolidator firm background, although we will give consideration to all applications that we receive.

We would ask applicants to give us a short (100 word) summary of why they would like to join the committee and what they could bring to the role. The closing deadline for all applications is 24 July. More information on the requirements of the YPG committee member can be found [here](#).

Please note, we are unable to accept applicants from companies already represented on the committee.

Amy Berry
YPG Chairman
