

IRLA reaches out to continental members

Whilst it has been an ever changing business model with the priority being the safety of our families and employees, here at IRLA we are conscious of the need to be in contact with each other, and partake in legacy focussed gatherings, be it training or a social exchange.

Our planned seminar on October 5 in Munich is an ideal start to this reintroduction to 'the new normal' and we have a fabulous [programme](#) of talks to entice you along. Our amazing venue in the city centre has capacity for today's covid-19 social distancing requirements as well as for food service and facilities. Local hotels are available at good prices and transport from the airport is frequent and operating under strict local guidelines.

During these uncertain times, we do not want to put pressure upon you to attend but hope to get a sense of the interest in this event. We hope you will consider coming along and that you also pass this on to anyone who you think may wish to attend. Obviously we will continue to assess the covid-19 related risks together with government guidance which may impact the event

Best regards and stay safe and well,

Mark Hallam
IRLA Director
