

### Work - how can we support you in 2021

We are in week 36 of covid-19 precautions and for some, at least 36 weeks of WFH. During this time IRLA has looked for ways in which we can support our members and encourage communication through our legacy community hub. To this end we have -

1. Opened all previous CPD videos to members for free
2. Created (bespoke) CPD training on-line for ease of access
3. Extended ongoing membership during garden leave period (for members inbetween jobs) from 3 to 6 months
4. Continued in our sharing and curating of relevant news items
5. Hosted 'coffee meetings' for small groups of members locally and socially distanced
6. Visited regional areas to touch base with members (and perform training) where lockdown has allowed
7. Instigated on-line mentoring

We are currently working on an e-book for the legacy sector as well as more CPD training, a Platinum membership for companies wishing to enhance their IRLA membership, YPG social events and a Christmas raffle. We welcome your feedback and are happy to offer our services to facilitate new ideas.

Don't hesitate to [contact me](#).

Best regards

Leslie-Ann Giovnilli

IRLA Head of Learning & Development
