

IRLA LINK & LEARN SESSION

Introduction to the London Insurance Market

OVERVIEW

An introductory level workshop providing a learning opportunity for delegates to find out more about the development of a particularly wide ranging area of legacy business.

TARGET AUDIENCE

This session is suitable for those who wish to know more about the insurance product as well as exploring some, but not all, commonly used jargon.

LEARNING OBJECTIVES

By the end of this session, delegates will be able to:

- Utilise the historic data given to consider the future of London post covid
- Draw on information given to understand the extent of the London Market
- Understand how the business of insurance placement to legacy connects

All workshop trainers have many years' practical experience in their professional fields, and their real life practical responses to some of the workshops do's and don'ts will help every delegate. Biographies can be found on the event page of our website.

VENUE

Online event. A link will be sent with joining instructions prior to the course.
