

## We're here to help

Your Association has been listening and speaking to many of you during these last few months and we thank those of you who have joined us for live golf, on-line training, quizzes, virtual coffee meetings, mentoring sessions and other offers.

With current continuing restrictions and a lack of definite timing for any form of business socialisation we would like to ensure that our outreach objectives are known to all members. These include:

- Monthly informal virtual chats with mentors
- All board members can be reached via their mobiles to answer any Association questions you may have
- Secretariat are open Monday-Thursday for support in any areas, training, social or news
- Informal virtual coffee chats bi-weekly (ask for link)

All information and requests are between the involved parties and the Association does not keep records of these conversations.

Please do consider contacting us, we're here to help.
