

IRLA ACADEMY TRAINING COURSE

Advances in Strategic Risk Management

Wednesday May 12, 2021 10:00 – 13:00*

OVERVIEW

All legacy companies are aware of the aims of The Senior Managers and Certification Regime (SM&CR) to strengthen market integrity by creating clear accountabilities and standards for individual behaviour; SM&CR requires firms to be clear on individual responsibilities of senior managers and requires those senior managers to take responsibility not just for their own actions but for what happens in their areas of responsibility. IRLA are running a series of courses to assist with this.

TARGET AUDIENCE

This session is suitable for all managers, team leaders and those working on completing a professional qualification. For anyone who has an interest, but several years in the legacy market this would be an appropriate information source.

LEARNING OUTCOMES

At the completion of this session delegates will be able to:

- Define strategic risk management
- Assess how advances in risk management leads to improved strategic decision making in an insurance context
- Develop strategic decision making in an insurance context

All speakers have many years' practical experience in their professional fields, and their real life practical responses will help every delegate. Biographies can be found on the event page of our website.

VENUE

Online event. A Teams link will be sent with joining instructions prior to the course.

COST

Prepay £195 inc VAT for members.

ONLINE REGISTRATION
