

IRLA LINK AND LEARN SESSION

The air (pollution) that we breathe

Thursday June 24, 2021, 15:30 – 17:00

OVERVIEW

An introductory level workshop providing a learning opportunity for delegates to further their understanding of recent developments in the arena of air pollution and associated claims, and to develop a basic understanding of the liability issues likely to arise from increased usage of e-scooters by the general public.

TARGET AUDIENCE

The session is aimed at those with an interest in air pollution and the connection between the same and respiratory illnesses. The session will also appeal to those with an interest in the emerging popularity of e-scooters and their increased use.

LEARNING OBJECTIVES

By the end of the session, delegates will be able to:

- Display awareness of the main outcomes and implications related to air pollution which arose from the second inquest
- Show a basic understanding of claims which may arise from the same circumstances
- Develop a basic knowledge of the benefits and hazards of e-scooters

Speakers' biographies can be found on the event page of our website.

VENUE

Online event. A link will be sent with joining instructions prior to the course.

COST

Free to members.
