The Legacy Professionals Association

Meet the Mentor: Mike Mackenzie
Tuesday 15 February 2022 (15:00-16:00)

In a change from our previous mentor sessions, this is an afternoon session, so put the kettle on and get the teapot out!

Our host is Mike Mackenzie. Mike is Head of Speciality Claims at Pro Global.

A claims professional with over 20 years' experience of dealing with claims and civil litigation. Mike has worked for solicitors, brokers, TPAs and insurers (live and run-off) handling claims and managing teams. He began to specialise in EL/PL occupational disease and illness claims in the live market in 2005, dealing with commercial,

manufacturing, motor, retail and heavy industry risks, focussing on major and global corporate clients. In 2010, Mike moved into the legacy market where he continued to manage disease and illness claims with a particular focus on claims arising from construction risks, handled under a Scheme of Arrangement. Throughout his time in the legacy space, he has retained an involvement in disease and illness claims but with an increasing focus on abuse, care and other claims, initially those arising from the public sector.

Since joining Pro, Mike has returned to overseeing a large team managing claims for live (re)insurers and legacy risk carriers. Over the course of his career, he has contributed to a range of market bodies, working parties and consultation processes, including consulting with the Scottish Executive on The Redress Scheme for Survivors (Historical Child Abuse in Care). Mike has overseen a number of transformation and technology projects and worked across all sectors in the UK Employers' Liability and Public Liability claims environment. Mike has a keen interest in legal developments with university degrees in politics and law, and is passionate about value creation enabled by technology and innovation, and has Chartered Insurer status.

Mike is interested in networking with people from all professions, particularly those working in the legal/claims environments, to share ideas and perspectives.

Away from work, Mike is the dedicated human to two small dogs, enjoys retro gaming and a range of outdoor activities, including hiking, rock climbing and caving.

You can register your interest [here](#) to join Mike on 15 February 2022 (15:00-16:00) and we will send you a Teams invite nearer the time.

These are informal, small group sessions with the opportunity for all attendees to be involved and included.
