

The Legacy Professionals Association

THE VOICE OF LEGACY

Representing · Educating · Connecting

As in previous years IRLA are working with Insurance Insider to survey the legacy market to see what their experience of the run-off market has been over the past 12 months and what they anticipate for the year ahead. Your contribution would be greatly appreciated.

After a year of heightened activity in the legacy market, and with IRLA's annual Congress just over 2 weeks away, there's no better time to take stock of where the market finds itself today.

With new entrants and expanding incumbent players, how much has the competitive environment in the run-off market changed?

With so much opportunity on the horizon, there is great value in stepping back and evaluating who will thrive and who will survive in the legacy market. What do legacy players need to be successful in this new era, and what challenges can they expect to face?

[Click here](#) for this year's legacy market survey.

Please be assured that all submissions are completely anonymous, so feel free to be as candid as you like!

The survey is only open until tomorrow - **29 April 2022** so please take a few minutes to complete the short survey.

We're looking forward to sharing the results of the survey with you at the IRLA Congress next month.
